

TECHNOLOGY WITH A PURPOSE FOR SOCIAL IMPACT

Cloudkeynet & Our Commitment to Our Community

Special Edition: Corporate Social Responsibility (CSR).

OUR PHILOSOPHY

1

Beyond the Cloud: Our Human Commitment

At Cloudkeynet, we believe that technology only reaches its true value when it is put at the service of people. Here we detail how we have transformed non-profit organizations and supported local causes, giving back to the community what we receive from it.

SUCCESS STORY- FEDERACIÓN HISPANA DE COMERCIANTES

DIGITAL PROFESSIONALIZATION IN MASSACHUSETTS

The Challenge: A vital organization for Hispanic merchants was operating without digital tools, limiting its growth and ability to help.

OUR SOLUTION:

Structure: Implementation of CRM (vtiger) and Finance (Wave).

Presence: Creation of their official web ecosystem in WordPress.

Connection: Advanced telephony with RingCentral for member support.

The Impact: The Federation transitioned from manual processes to **100%** professional management, increasing its collection and support capacity.

Le Ayudamos A Crecer: Juntos Somos Mas Fuertes

Bienvenidos todos los Empresarios y Profesionales que quieren ser miembros de la Federación Hispana de Comerciantes. No es necesario un capital importante para serlo.

LOCAL IMPACT – CIBOLO ANIMAL SERVICES

TECHNOLOGY AND COMPASSION: ALLIANCE FOR LIFE

Strategic support for the animal shelter in Cibolo, Texas. We are not only engineers, but we are also active members of our community. We support the most vulnerable sectors (including our four-legged friends) to foster a more empathetic society.

“Our mission is to use our expertise in AWS and digital platforms to give a voice to those who don't have one.

IMPACTFUL ARCHITECTURES

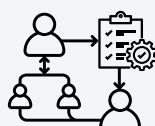

To achieve these changes, we use world class tools that guarantee the sustainability of projects:

WordPress & Elementor:
For a strong digital identity.

RingCentral: For unified communications.

Vtiger & CRM: For community organization.

AWS: For resilient and free infrastructure (non-profit).

LET'S BUILD A MORE HUMANE FUTURE

Do you have a project with social impact, or are you looking for a technology partner with clear values? Let's talk.
